SUPPORTERS

In previous years friends and family have come along to support riders and we hope they will do so again this year.

All supporters are very welcome to set up picnics etc. beside the start line; we will be set up in a car park which is surrounded by child and dog friendly fields. However for those who would like to cheer their rider on along route please see the map below detailing our suggestions for where to wait for cyclists (please note this is for the 11.2 mile route – there are a number of nice pubs and walks along the 112km route for cheering those completing The Challenge from!):

1. Blacknest Gate – nice shady spot to picnic near the water; car parking space is limited
2. This area has a large car park, café - with outside picnic tables and public toilets
